Authors come under a helpful rule, making for romance and poetry. Aged persons should be careful during this planetary government, as Saturn is threatening.

An accession of interest in churches of every denomination is prognosticated for the winter, owing to a religious awakening which will be strongly apparent with the new year.

The stars which encourage piety also are believed to direct teachers belonging to a secret brotherhood that will appear in the United States and win followers. These teachers are held to be heralds of the new order of things, established by the war.

A sudden protest against materialism in this country is predicted. This will follow the realization that the nation is profiting by the tragedy of the world war, which will be produced by a sensational incident.

Jerusalem and the Holy Land are to concentrate attention within the year and the tide of tourist travel will flow in their direction at the close of the war, the seers declare.

Honors and preferment for a Congressman from the West are prophesied. Montana and the Dakotas come under a fortunate planetary influence which will extend to Canada.

Persons whose birthdate it is have the augury of a fairly successful year, but they should guard the health of the family.

Children born on this day have kindly stars to lead them. They probably will be helped over all hard paths by friends who will make their paths smooth. Girls have the forecast of happy marriage.

It is a favorable time for writing letters, unless they be love missives.

The Grotto.

Kallipolis Grotto has held many ceremonies in the past, and there will be many in the future, but it is the aim of Monarch George H. Emmons, Jr., to make the fall ceremonial at Odd Fellows' Hall, October 19, the most novel and pleasing of any heretofore attempted. This will be the first ceremony of the adoption of the slogan "Kallipolis Grotto" by thousands of members, which was prompted by the selection of Washington for the place of holding the annual supreme convention next June. Petitions have been placed in the hands of every member with a earnest request to obtain a candidate for the forthcoming ceremonial, at which the full ritualistic ceremony will be conferred. There will be enough added features to remind the neophytes that they have made a journey and hence scenes they never dreamed existed, and to afford amusement to the prophets who themselves have made the same journey in quest of the hidden mysteries of the order and emerged full-fledged past masters of the enchanted realm, adorned with the Grotto smile and inlaid with the germ of goodfellowship. There will be a generous supply of good things to eat and good cigars to smoke and as many other entertaining features as time will permit. The meeting will be called to order at 7:30 o'clock.

Capt. P. V. Keating and other members of the drill corps are arranging for the Halloween dance and entertainment to be given at the New Willard Hotel the evening of October 31. Novel entertainment features will be introduced, in addition to the dance.
